

## **TPRE brings group to the UK for training**

October 2012

TPRE visited London with a group comprising other Property Rights exchanges and Chinese companies to visit London in November to learn about listing in London and M&A in the UK.

PanCathay organized a full day of experts to present to the group on various topics covering the legal, financial and PR issues concerned with listing as well as contributions from nominated advisers and company directors of those already listed. Linda Main, partner at KPMG kindly chaired the proceedings and fielded the many questions from the participants.

The group were interested to hear about the process for listing on AIM in the UK as well as the strict regulatory requirements to ensure success. They were also keen to hear how companies raise capital in the UK and to learn of the experience of one Chinese company who has already established in the UK and doing good business.

Gao Luan, Director of TPRE said, “These training days have become a feature of our programme here in the UK and the participants who accompany our visits always gain a lot from hearing from the UK professionals who present to us.”

Mandi Sturrock, MD of PanCathay said, "We are grateful to the many experts who give their time to do these presentations. We hope that by explaining the system to those visitors interested in the UK we will generate further interest in doing business here. For many of the delegates, it is their first visit to Britain. We aim to ensure that they have a positive experience and leave enthused with the possibility of doing business here."
